Artillery

Introduction

Artillery batteries, whether heavy or light, were composed of sections, each having two guns. Batteries were reduced to four guns each in December 1914 but returned to six guns each in March 1917. There were four batteries in each artillery brigade.

Most batteries did not have war diaries; accounts of their activities were recorded in the diary of their brigade.

Guide to Sources Relating to Units of the Canadian Expeditionary Force

1st Heavy Battery, Canadian Field Artillery

Background Information

Organized in August 1914 under the command of Major F. C. Magee.

Mobilized at Montreal and Valcartier.

Recruited in Montreal from Montreal Heavy Brigade.

Left Quebec 29 September 1914 aboard CORINTHIAN.

Arrived in England 15 October 1914.

Strength: 8 officers, 189 other ranks.

Arrived in France 15 February 1915.

Attached to British formations until March 1917 when it became part of 2nd Brigade, Canadian Heavy artillery.

Demobilized at Montreal in May 1919.

Disbanded by General Order 191 of 1 November 1920.

Perpetuated by 1st Medium Battery, Montreal.

34th Battery, Canadian Field Artillery

Background Information

Organized in August 1915 under the command of Major R. F. Massie.

Authorization published in General Order 103a of 15 August 1915.

Mobilized at Kingston.

A depot battery, it was known unofficially as the Aquatic Battery. It was recruited from members of the Toronto Canoe Club, Toronto Rowing Club and Balmy Beach Canoe Club who were “desirous of serving their country in the company of men of refined tastes and mutual ideals”.

Ceased to exist in January 1916. Most of its personnel sent to England on 5 February 1916 to serve as the 9th Brigade Ammunition Column: the remainder formed the nucleus of the 53rd Battery.

Disbanded by General Order 191 of 1 November 1920.
